Biography:

I'm specialist in Community Medicine and was graduated from the Medical faculty of Istanbul University in 1999. I worked at the Palestinian MOH's Primary and Secondary Health Care Facilities for 4 years. In Nov 2005 was awarded an Arab Board scholarship in Community Medicine from the Qatar Red Crescent (QRC). I worked for one year (2010) as a Community Medicine specialist at the Non-communicable and Communicable Diseases Departments and part time trainer in the Community Medicine Training Program at Qatar Supreme Council of Health (SQH). Attended ANU since Jan 2011, and currently working as Assistant Professor in Community Medicine, Coordinator of Scientific Research at Faculty of Medicine and Human Science, and Head of An-Najah Child Institute Project.
