### **Biography:**

I am a full time teacher and clinical instructor for adult health and critical care nursing from 2008 until now, I was a participant and a mentor for many courses that have been given to nursing students in the university such as TNCC (Trauma Nursing Core Course), ABLIS (Advance Burn Life Support Course ) and ACLS (advance cardiac life support course), though I was a participate in many seminars and workshops at the University and outside the University and i was a coordinator of some of conferences. I tutor for research projects for undergraduate nursing students (4th year students) at least two projects each year. I have previous experience as a staff nurse at the University of Jordan Hospital (NICU) institution (Amman - Jordan) and SN, RN at the salfeet hospital (acute and surgical) department (Nablus - Palestine).

## **Teaching courses:**
